Subject: Request for Meeting with Mr. Julius Knapp

Ms. Sandra Mata,

I am sending this email to attempt to schedule a meeting with Mr. Julius Knapp in OET (copied here) at the end of October or beginning of November with our company's and foundation's president, Warren Havens. Mr. Havens would like to plan a meeting in advance before Mr. Knapp's schedule is fully booked.

Mr. Havens would like to meet any day the last week of October or the 1st week of November. If there is no time available during that period, then Mr. Havens could also meet the 2nd week of November.

The purpose of the meeting is to brief Mr. Knapp and any others in OET who he sees fit to have participate on the progress of Skybridge Spectrum Foundation and Telesaurus Holdings GB LLC, both LMS licensees, in technology and systems for the multilateration Location and Monitoring Service ("M-LMS") and the non-multilateration LMS ("N-LMS") under the current rules. This is in accord with these two entities' position in WT Docket No. 06-49.

Most of the presentation will be based on information that these two entities do not seek to keep confidential; however, some aspects of the presentation will be supported by confidential filings under request for confidentiality based on FCC rule Section 0.457.

These two entities would present ahead of time an outline of the presentation and file it in WT Docket No. 06-49.

We look forward to hearing back from you on some days in the above-noted period that would work for Mr. Knapp and any others in OET.

A copy of this email will be filed in WT Docket No. 06-49.

Sincerely,

Jimmy Stobaugh
Skybridge Spectrum Foundation
Telesaurus Holdings GB LLC
